

Financial Analyst

Description

We are seeking a highly skilled and motivated Financial Analyst to join our dynamic finance team. The ideal candidate will be responsible for budgeting, auditing, accounts receivable/accounts payable (AR/AP) management, and the development of comprehensive business and financial models. This role requires a strategic thinker with strong analytical skills, attention to detail, and the ability to work collaboratively across departments.

Responsibilities

- **Budgeting:**
 - Develop, implement, and manage the annual budgeting process.
 - Analyze financial data to forecast future financial trends and prepare budget reports.
 - Collaborate with department heads to align budgets with organizational goals.
- **Auditing:**
 - Conduct internal audits to ensure compliance with financial policies and regulations.
 - Identify and mitigate financial risks through thorough examination of financial records.
 - Prepare detailed audit reports and present findings to senior management.
- **Accounts Receivable/Accounts Payable (AR/AP):**
 - Oversee the AR/AP process, ensuring accurate and timely invoicing, payment processing, and reconciliation.
 - Monitor and manage cash flow, including collections and disbursements.
 - Implement and maintain efficient AR/AP processes to improve financial operations.
- **Business Model Development:**
 - Analyze and assess current business models to identify areas for improvement.
 - Develop and implement new business models to drive growth and profitability.
 - Collaborate with cross-functional teams to integrate business model strategies.
- **Financial Model Development:**
 - Create detailed financial models to support business decisions and strategic initiatives.
 - Conduct scenario analysis to assess the financial impact of potential business decisions.
 - Provide insights and recommendations based on financial modeling results.
